- ‘(1) The things which a licence holder may be required to do by a condition under section 104(1)(i) include, in particular—
- (a) providing information to the commissioners of services to which the condition applies and to such other persons as Monitor may direct,
  - (b) allowing Monitor to enter premises owned or controlled by the licence holder and to inspect the premises and anything on them, and
  - (c) co-operating with such persons as Monitor may appoint to assist in the management of the licence holder’s affairs, business and property.
- (2) A commissioner of services to which a condition under section 104(1)(i), (j) or (k) applies must co-operate with persons appointed under subsection (1)(c) in their provision of the assistance that they have been appointed to provide.
- (3) Where a licence includes a condition under section 104(1)(i), (j) or (k), Monitor must carry out an ongoing assessment of the risks to the continued provision of services to which the condition applies.
- (4) Monitor must publish guidance—
- (a) for commissioners of a service to which a condition under section 104(1)(i), (j) or (k) applies about the exercise of their functions in connection with the licence holders who provide the service, and
  - (b) for such licence holders about the conduct of their affairs, business and property at a time at which such a condition applies.

**Health and Social Care (Re-Committed) Bill, *continued***

- (5) A commissioner of services to which a condition under section 104(1)(i), (j), or (k) applies must have regard to guidance under subsection (4)(a).
- (6) Monitor may revise guidance under subsection (4) and, if it does so, must publish the guidance as revised.
- (7) Before publishing guidance under subsection (4) or (6), Monitor must obtain the approval of—
  - (a) the Secretary of State, and
  - (b) the National Health Service Commissioning Board.’.

*Objective of trust special administration*

Mr Secretary Lansley

*Added NC6*

To move the following Clause:—

‘After section 65D of the National Health Service Act 2006 insert—

**“65DA Objective of trust special administration**

- (1) The objective of a trust special administration is to secure—
  - (a) the continued provision of such of the services provided for the purposes of the NHS by the NHS foundation trust that is subject to an order under section 65D(2), at such level, as the commissioners of those services determine, and
  - (b) that it becomes unnecessary for the order to remain in force for that purpose.
- (2) The commissioners may determine that the objective set out in subsection (1) is to apply to a service only if they are satisfied that the criterion in subsection (3) is met.
- (3) The criterion is that ceasing to provide the service under this Act would, in the absence of alternative arrangements for its provision under this Act, be likely to—
  - (a) have a significant adverse impact on the health of persons in need of the service or significantly increase health inequalities, or
  - (b) cause a failure to prevent or ameliorate either a significant adverse impact on the health of such persons or a significant increase in health inequalities.
- (4) In determining whether that criterion is met, the commissioners must (in so far as they would not otherwise be required to do so) have regard to—
  - (a) the current and future need for the provision of the service under this Act,
  - (b) whether ceasing to provide the service under this Act would significantly reduce equality between those for whom the commissioner arranges for the provision of services under this Act with respect to their ability to access services so provided, and
  - (c) such other matters as may be specified in relation to NHS foundation trusts in guidance published by the regulator.

**Health and Social Care (Re-Committed) Bill, *continued***

- (5) Monitor may revise guidance under subsection (4)(c) and, if it does so, must publish the guidance as revised.
- (6) Before publishing guidance under subsection (4)(c) or (5), the regulator must obtain the approval of—
- (a) the Secretary of State;
  - (b) the Board.
- (7) The Board must make arrangements for facilitating agreement between commissioners in determining the services provided by the trust under this Act to which the objective set out in subsection (1) is to apply.
- (8) Where commissioners fail to reach agreement in pursuance of arrangements under subsection (7), the Board may make the determination (and the duty imposed by subsection (1)(a), so far as applying to the commissioners concerned, is to be regarded as discharged).
- (9) In this section—
- “commissioners” means the persons to which the trust provides services under this Act, and
- “health inequalities” means the inequalities between persons with respect to the outcomes achieved for them by the provision of services that are provided as part of the health service.”.

  - (b) that the trust special administrator has carried out the administration duties.
- (2) In subsection (1)(b), “administration duties” means the duties imposed on the administrator by—
  - (a) this Chapter,

**Health and Social Care (Re-Committed) Bill, *continued*****65KB Secretary of State's response to regulator's decision**

- (1) Within the period of 30 working days beginning with the day on which the Secretary of State receives the reports referred to in section 65KA(3), the Secretary of State must decide whether the Secretary of State is satisfied—
  - (a) that the persons to which the NHS foundation trust in question provides services under this Act have discharged their functions for the purposes of this Chapter,
  - (b) that the trust special administrator has carried out the administration duties (within the meaning of section 65KA(1)(b)),
  - (c) that the regulator has discharged its functions for the purposes of this Chapter,
  - (d) that the action recommended in the final report would secure the continued provision of the services provided by the trust to which the objective set out in section 65DA applies,
  - (e) that the recommended action would secure the provision of services that are of sufficient safety and quality to be provided under this Act, and
  - (f) that the recommended action would provide good value for money.
- (2) If the Secretary of State is not satisfied as mentioned in subsection (1), the Secretary of State must as soon as reasonably practicable—

- (2) Where the administrator provides to the regulator a final report under subsection (1), section 65KA applies in relation to the report as it applies in relation to a final report under section 65I; and for that purpose, that section has effect as if—
  - (a) in subsection (1), for “20 working days” there were substituted “10 working days”, and
  - (b) subsection (3)(b) were omitted.
- (3) If the Secretary of State thinks that, in the circumstances, it is not reasonable for the administrator to be required to carry out the duty under subsection (1) within the period mentioned in that subsection, the Secretary of State may by order extend the period.
- (4) If an order is made under subsection (3), the administrator must—
  - (a) publish a notice stating the date on which the period will expire, and

  - (c) the Board may not exercise any of its functions under section 14Z19.
- (6) Where, by virtue of subsection (5)(b), the Secretary of State exercises the function of the Board under subsection (3)(a) of section 14Z19, subsection (9)(a) of that section applies but with the substitution for the references to the Board of references to the Secretary of State.
- (7) If the notice states that the trust special administrator has failed to discharge the administration duties (within the meaning of section 65KA(1)(b))—

**Health and Social Care (Re-Committed) Bill, *continued***

- (a) before that date, the Secretary of State provides by order for that section to continue to have effect in relation to the trust, or
    - (b) the trust was authorised after 1 April 2014.
  - (2) An order under this section may provide that section 117 is to continue to have effect for such period as is specified—
    - (a) in relation to all NHS foundation trusts, or
    - (b) in relation only to such NHS foundation trusts as are specified.
  - (3) But an order under this section may not apply to a trust in relation to which section 117 has, by virtue of a previous order under this section, ceased to have effect.
  - (4) A period specified for the purposes of subsection (2)—
    - (a) must begin with the day on which section 117 would, but for the order, cease to have effect in relation to the trusts to which the order applies, and
    - (b) must not exceed two years.
  - (5) In the case of a trust to which an order under this section applies, and which was authorised on or before 1 April 2014, section 117 ceases to have effect in relation to the trust in accordance with that order or any subsequent orders under this section which apply to the trust.
  - (6) In the case of a trust which was authorised after 1 April 2014 (including a trust authorised on or after 1 April 2016 if, at the time it is authorised, section 117 still has effect), section 117 ceases to have effect in relation to the trust—

    - (b) a reference to being authorised is a reference to being given an authorisation under section 35 of the National Health Service Act 2006.
  - (8) Section 117 is repealed as soon as there are—
    - (a) no NHS foundation trusts in relation to which it has effect, and

Mr Secretary Lansley

*Added NC4*

To move the following Clause:—

- (1) Where the Secretary of State proposes to make an order under section [*Duration of transitional period*] in reliance on subsection (2)(b) of that section (“a section [*Duration of transitional period*](2)(b) order”), the Secretary of State must notify Monitor.
- (2) Monitor, having received a notification under subsection (1), must set the criteria that are to be applied for the purpose of determining to which NHS foundation trusts the order should apply.
- (3) Before setting criteria under subsection (2), Monitor must—

- (7) A section [*Duration of transitional period*](2)(b) order—
  - (a) must apply to all the trusts that are determined under subsection (4)(b) as being the trusts to which the order should apply (and to no others);

- (9) Monitor must—
  - (a) determine, by applying the criteria it applied under subsection (4)(b), whether section 117 should continue to have effect in relation to the trust after the end of the initial two-year period,
  - (b) notify the Secretary of State of its determination, and
  - (c) publish its determination.
- (10) If Monitor determines under subsection (9)(a) that section 117 should so continue to have effect, the trust is to be treated as if it had been authorised on or before 1 April 2014 and as if the order referred to in subsection (7)(a) applied to it; and section [*Duration of transitional period*](5) is accordingly to apply in relation to the trust.

**Health and Social Care (Re-Committed) Bill, continued**

- (11) If Monitor determines under subsection (9)(a) that section 117 should not so continue to have effect, section 117 ceases to have effect in relation to the trust immediately after the end of the initial two-year period.’
