Member’s explanatory statement

This new clause seeks to future-proof the listed events regime. This replaces the criterion on the capability of ‘receive’ a channel with an alternative based on its actual usage over the period of a year, lowers the threshold from 95% to 90%, and proposes delegating powers to the SoS to amend the 90% threshold.

Member’s explanatory statement

This amendment and amendments 28, 29, 30, 31, 32, 33 and 34 would require all providers of internet content which is not suitable for children to put in place a robust age-verification system. “198ZA Penalties for failure to provide information

- (1) This section applies if—
 - (a) under a power conferred by virtue of section 198(2A), OFCOM require a person other than the BBC to provide information, and
 - (b) OFCOM determine that there are reasonable grounds to believe the person has not provided the information.
- (2) OFCOM may give the person a notice which sets out the determination and specifies—
 - (a) what information the person must provide,
 - (b) the time within which the person must provide it,
 - (c) a penalty that OFCOM may impose if the person does not provide it, and
 - (d) a period in which the person may make representations.
- (3) OFCOM may impose a penalty on the person if they fail without reasonable excuse to provide the information in accordance with the notice.
- (4) The penalty may include an amount for each day the person fails to provide the information after the time required by the notice.
- (5) The penalty in respect of any notice—
 - (a) must not be more than OFCOM determine to be proportionate,
 - (b) must not be more than the penalty specified in the notice, and
 - (c) must not be more than £250,000.
- (6) OFCOM may withdraw a notice without imposing a penalty, and that does not affect the power to issue a further notice in relation to the same information.
- (7) OFCOM must publish and keep up to date a statement of their proposed approach to issuing notices and imposing and recovering penalties under this section (subject to the guidelines published under section 392).”

Member’s explanatory statement

Section 198 of the Communications Act 2003, together with the Charter and Framework Agreement, enables OFCOM to impose penalties on the BBC. The amendment provides for OFCOM to be able to impose penalties on other persons if they fail without reasonable excuse to provide information for the purposes of OFCOM’s regulation of the BBC.

Clause 75, page 76, line 16, leave out subsection (6)

Member's explanatory statement

Subsection (6) is not needed. The expression it defines is not used except in a textual amendment where the definition in the Communications Act 2003 will apply anyway.

Schedule 1, page 124, leave out lines 11 to 37 and insert—

- “64 (1) An operator may not exercise a tidal water right in relation to land in which a Crown interest subsists unless agreement to the exercise of the right in relation to the land has been given in respect of that interest by the appropriate authority in accordance with paragraph 104.
- (2) Where, in connection with an agreement between the operator and the appropriate authority for the exercise of such a right, the operator and the appropriate authority cannot agree the consideration to be paid by the operator, the operator or the appropriate authority may apply to the appointed valuer for a determination of the market value of the right.
- (3) An application under sub-paragraph (2) must be made in writing and must include—
- (a) the proposed terms of the agreement, and
 - (b) the reasoned evidence of the operator and of the appropriate authority as to the market value of the right.
- (4) As soon as reasonably practicable after receiving such an application, the appointed valuer must—
- (a) determine the market value of the tidal water right; and
 - (b) notify the operator and the appropriate authority in writing of its determination and the reasons for it.
- (5) If the agreement mentioned in sub-paragraph (2) or an agreement in substantially the same terms is concluded following a determination under sub-paragraph (4), the consideration payable by the operator must not be more than the market value notified under sub-paragraph (4)(b).
- (6) For this purpose the market value of a tidal water right is the amount that, at the date the market value is assessed, a willing buyer would pay a willing seller for the right—
- (a) in a transaction at arm's length,
 - (b) on the basis that the buyer and seller were acting prudently and with full knowledge of the transaction, and
 - (c) on the basis that the transaction was subject to the proposed terms set out in the application.
- (7) The market value—
- (a) must be assessed on the basis of the value of the tidal water right to the holder of the Crown interest, and
 - (b) must not be assessed on the basis of the value to the operator of the tidal water right or having regard to the use which the operator intends to make of the tidal waters or land in exercising that right.
- (8) The market value must be assessed on the assumption that there is more than one site which the operator could use for the purpose for which the operator

intends to use the tidal waters or land in question (whether or not that is actually the case).

- (9) The appointed valuer may charge a fee in respect of the consideration of an application under sub-paragraph (4) and may apportion the fee between the operator and the appropriate authority as the appointed valuer considers appropriate.
- (10) In this paragraph “the appointed valuer” means—
- (a) such person as the operator and the appropriate authority may agree;
 - (b) if no person is agreed, such person as may be nominated, on the application of the operator or the appropriate authority, by the President of the Royal Institution of Chartered Surveyors.”

Member’s explanatory statement

Paragraph 64 limits the level of consideration that can be enforced for the grant of tidal water rights where there is a Crown interest in the land. The amendment replaces this with provision for the consideration, if not agreed, to be determined by valuation at the outset.
