To move the following Clause—

“Ground rent for existing long leases

Within 30 days of the day on which this Act comes into force, the Secretary of State must publish draft legislation to restrict ground rents on all existing long residential leases to a peppercorn.”

Member's explanatory statement

This new clause aims to ensure that the Government introduces further legislation to remove ground rent for all leaseholders, whereas the Act currently only applies to newly established leases.

Clause 2, page 3, line 16, at end insert—

“Retirement developments where some leasehold residential flats have already been sold prior to commencement but others remain unsold

- (12) A lease is an excepted lease if it is a lease of a retirement home in a development, where—
- (a) other residential flats within the development have sold and completed on a long leasehold before the relevant commencement day under section 26(4) but it is a flat within the development which remains unsold, and

(b) the development commenced prior to 6th July 2021.”

Member’s explanatory statement

This amendment seeks to avoid retirement developments where properties are on the market, but not fully sold by the time the Act comes into force for retirement properties, needing to have two lease types within one building, some paying ground rents and others funding the development of communal areas by another method.
