“Organ and tissue donation in Northern Ireland: procedure for regulations defining permitted material

- (1) Section 52(4B) of the Human Tissue Act 2004 (draft affirmative procedure for regulations defining permitted material for the purposes of deemed consent to transplantation of human tissue in Northern Ireland) does not apply during the relevant period.
- (2) Regulations made under section 3(9A) of that Act during the relevant period are subject to negative resolution within the meaning given by section 41(6) of the Interpretation Act (Northern Ireland) 1954 (c. 33 (N.I.)).
- (3) In this section, the “relevant period” means the period—
 - (a) beginning when this Act is passed, and
 - (b) ending with the next day on which the Presiding Officer and deputies are in post having been elected under section 39(1) of the Northern Ireland Act 1998.”

Member's explanatory statement

This new clause would amend the procedure for making regulations under subsection (9A) of section 3 of the Human Tissue Act 2004 while no Presiding Officer and deputies are in post so that they are subject only to negative resolution by the Northern Ireland Assembly.

**“Organ and Tissue Donation (Deemed Consent) Act (Northern Ireland) 2022:
temporary provision**

- (1) Section 52 (orders and regulations) of the Human Tissue Act 2004 is amended as follows.
- (2) After subsection (4B), insert—
 - “(4BA) During the current post-election period, subsection (4B) applies as if for “the Northern Ireland Assembly” there were substituted “each House of Parliament.”
 - (4BB) In this section “the current post-election period” has the same meaning as in section 1 of the Northern Ireland (Executive Formation etc) Act 2022.””

Member's explanatory statement

This new clause is intended to bring into operation during the current post-election period the Organ and Tissue Donation (Deemed Consent) Act (Northern Ireland) 2022, which received Royal Assent on 30 March 2022, by temporarily allowing Parliament (instead of the Assembly) to approve relevant regulations made by the Department of Health in Northern Ireland.
