EXPLANATORY NOTES

Some public bill committees have power to send for persons, papers and records (Standing Order No. 84A). On 1 November 2006, the House agreed that powers to take oral evidence would be the normal practice for committees which considered programmed government bills starting in the Commons.

The numbers given in brackets after each Member's name indicate respectively the number of meetings of the Committee in respect of the Bill which that Member attended and the number to which that Member was summoned.
