### Standing Order No 24

Standing Order No 24 allows Members to suggest that a specific and important matter should have urgent consideration and that an emergency debate be held upon it. It is for the Speaker to decide whether the matter is sufficiently specific, important and urgent to warrant giving it precedence, and among other things to have regard to the probability of the matter being brought before the House by other means. During the 2010-2012 Session, there were **5** applications.

Section B – Part 1

**Draft Bills under consideration or published during the 2010–12 Session**

As part of the reforms to the legislative process initiated by the Modernisation Committee, the government now publishes a number of bills each session in draft form, before they are introduced into parliament as formal bills. This enables consultation and pre-legislative scrutiny before a bill is issued formally.

Increasingly, it has become the practice in recent sessions for the House to refer these to a joint committee of the Commons and Lords appointed for the specific purpose of examining and reporting on a named draft bill. On occasions a draft bill may be referred to one of the departmental select committees or a select committee appointed for that specific purpose.

Listed below are draft bills that were under consideration or published during the 2010-12 Session of Parliament. Further information on draft bills, including those from previous sessions can be viewed on the Parliament website at <http://www.parliament.uk/business/bills-and-legislation/draft-bills/>

**Northern Ireland Legislation**

The Northern Ireland Assembly was established by the *Northern Ireland Act 1998*. Following devolution, legislative power in most areas was transferred from Westminster to the Assembly. However, under the terms of the *Northern Ireland Act 1998*, certain powers are retained by the Secretary of State for Northern Ireland and are not devolved matters. These include constitutional and security issues, law and order, policing, electoral matters and relations with the European Union. Legislation on reserved matters continues to be made by the Westminster Parliament under the 1998 Act in the form of Orders in Council, Acts and Statutory Instruments.

Bills introduced into the Northern Ireland Assembly can be found on the Northern Ireland Assembly website: [www.niassembly.gov.uk/](http://www.niassembly.gov.uk/)

**Impact Assessments**

Impact Assessments, formerly known as Regulatory Impact Assessments, are prepared and published by the Government for all primary legislation introduced into and secondary legislation laid before Parliament. In the case of Government Bills and Statutory Instruments, an Impact Assessment forms part of the Explanatory Memoranda to the Bill or Instrument: in other cases, a separate document is issued. Impact Assessments are an assessment for the business sector of the costs involved in complying with the legislation. Explanatory Memoranda for Bills can be found on the Parliament website. Explanatory Memoranda for Statutory Instruments can be found on the [www.legislation.gov.uk](http://www.legislation.gov.uk).
