■ Sustainability of maintained nursery schools

Lucy Powell

That this House notes that state maintained nursery schools are at the forefront of tackling low social mobility with 63 per cent graded outstanding by Ofsted, and 35 per cent good; further notes that two thirds of maintained nursery schools are located in the 30 per cent most deprived areas in England; notes that maintained nursery schools are recognised as being centres of excellence for supporting children with SEND in the early years; notes that the whole early years sector benefits from the expertise of maintained nursery schools acting as catalysts to raise standards in their locality through supporting schools and early years settings to work together to improve their quality; notes that despite welcome transitional funding the future viability of maintained nursery schools is under threat with 12 closing since 2016; notes the loss of transitional funding is equivalent to a 31 per cent cut in funding; and calls on the Government to safeguard the future of these vital early years institutions by guaranteeing transitional funding after 2020 as soon as possible whilst a long term plan to ensure their future viability is found by the Comprehensive Spending Review.
