

IN PARLIAMENT

HOUSE OF COMMONS

SESSION 2013–14

HIGH SPEED RAIL (LONDON - WEST MIDLANDS) BILL

PETITION

Against – on merits – Praying to be heard by Counsel, &c.

To the Honourable the Commons of the United Kingdom of Great Britain and Northern Ireland in Parliament assembled.

THE HUMBLE PETITION of PAUL KNOWLES

SHEWETH as follows:-

1. A Bill (hereinafter referred to as "the Bill") has been introduced and is now pending in your honourable House entitled "A Bill to make provision for a railway between Euston in London and a junction with the West Coast Main Line at Handsacre in Staffordshire, with a spur from Water Orton in Warwickshire to Curzon Street in Birmingham; and for connected purposes"
2. The Bill is presented by Mr Secretary McLoughlin, supported by the Prime Minister, the Deputy Prime Minister, Mr Chancellor of the Exchequer, Secretary Theresa May, Secretary Vince Cable, Secretary Iain Duncan Smith, Secretary Eric Pickles, Secretary Owen Paterson, Secretary Edward Davey, and Mr Robert Goodwill.
3. Clauses 1 to 36 set out the Bill's objectives in relation to the construction and operation of the railway mentioned in paragraph 1 above. They include provision for the construction of works, highways and road traffic matters, the compulsory acquisition of land and other provisions relating to the use of land, planning

permission, heritage issues, trees and noise. They include clauses which would disapply and modify various enactments relating to special categories of land including burial grounds, consecrated land, commons and open spaces, and other matters, including overhead lines, water, building regulations and party walls, street works and the use of lorries.

4. Clauses 37 to 42 of the Bill deal with the regulatory regime for the railway.
5. Clauses 43 to 65 of the Bill set out a number of miscellaneous and general provisions, including provision for the appointment of a nominated undertaker ("the Nominated Undertaker") to exercise the powers under the Bill, transfer schemes, provisions relating to statutory undertakers and the Crown, provision about the compulsory acquisition of land for regeneration, reinstatement works and provision about further high speed railway works. Provision is also made about the application of Environmental Impact Assessment Regulations.
6. The works proposed to be authorised by the Bill are specified in clauses 1 and 2 of and Schedules 1 and 2 to the Bill. They consist of scheduled works, which are described in Schedule 1 to the Bill and other works, which are described in clause 2 of and Schedules 2 and 3 to the Bill.
7. Your Petitioner is Paul Knowles of Dunton, Oxford Street, Lee Common, Great Missenden. I have lived in Lee Common for 18 years together with my wife and 2 teenage children, we all love the area and its tranquility. We thought ourselves to be very fortunate to find this part of the Chiltern hills when we moved out of London to start our family. This tranquility will be destroyed by HS2. Your Petitioner's property is circa 1 mile from the HS2 line so will not be compulsory purchased however myself and my family will suffer greatly by both the construction of the line and its final operation. We will struggle to get to work, school, the shops etc. due to construction traffic. There will be noise and dust, effects on ecology during construction and operation. There is inadequate compensation for those affected.
8. Your Petitioner and their rights, interests and property are injuriously affected by the Bill, to which your Petitioner objects for reasons amongst others, hereinafter appearing.
9. The Bill includes powers for the Secretary of State and the Nominated Undertaker to do construction works which are estimated to take 10 years to complete and will include lorry movements, the creation of dust and noise, poor air quality, and 24 hour working. This will inevitably lead to severe reduction in the quality of life for myself and my family.

10. Your Petitioner objects to the powers that are proposed to be provided by the Bill to the Secretary of State and the Nominated Undertaker and respectfully submit that the Bill should be amended or undertakings should be required so that HS2 Limited, the Secretary of State and/or the Nominated Undertaker must review the construction strategy for the project and its related works by considering their cumulative impacts on communities. And they need to suggest necessary changes from the results of that review before works design and construction strategies have been finalised or construction contractors employed. A tunnel should be added for the entire length of the route through the Chiltern hills to minimise the impact of HS2 during construction and operation. If a tunnel cannot be provided, the route should be diverted so that it does not pass through the widest part of the AONB. The speed of HS2 should be lowered to reduce its carbon footprint and provide greater routing options.

11. For the foregoing and connected reasons your Petitioner respectfully submit that, unless the Bill is amended as proposed above, so far affecting your Petitioner, should not be allowed to pass into law.

12. There are other clauses and provisions of the Bill which, if passed into law as they now stand will prejudicially affect your Petitioner and their rights, interests and property and for which no adequate provision is made to protect your Petitioner.

YOUR PETITIONER therefore humbly pray your Honourable House that the Bill may not be allowed to pass into law as it now stands and that they may be heard by their Counsel, Agents and witnesses in support of the allegations of this Petition against so much of the Bill as affects the property, rights and interests of your Petitioner and in support of such other clauses and provisions as may be necessary or expedient for their protection, or that such other relief may be given to your Petitioner in the premises as your Honourable House shall deem meet.

AND your Petitioner will ever pray, &c.

Signed PAUL KNOWLES
